# LETTER FROM THE ADMIN

**DÎRJAN DAVID  
ALEXANDRU**

Administrator

In 2024 I have worked very hard to be able to double the income. In this year I also had to make some acquisitions to be able to operate properly.

There were many more customers and of a better quality. The average invoice issued was 2,800 RON (560€) compared to 480€ in 2024.

I have raised the expenses to pay less tax. These expenses are essential to maintain at least 100% growth per year. Doubling turnover and maintaining profits above 30% of turnover.

The minimum monthly turnover was 2,379 RON (376€) and the month with the highest turnover we had 24,500 RON (4,900€). The increase in turnover was 100.45% compared to 67% in the previous period. Profits on the other hand were up only 26.33%.

Partnerships are still in place and I look forward to keeping up the pace in 2025 and the next few years until we reach the top.

God be with me.
